

Actually, they're recruiting tools.

DIFFERENTIATE YOUR SCHOOL WITH GREEN CLEANING. Can a bucket of cleaning tools help attract students? With UNICCO's GreenCleanSM program, the answer is yes. By eliminating air quality problems caused by conventional cleaning toxins, you can offer students healthier, environmentally-friendly buildings. It's done cost-effectively with our complete range of certified green products, equipment, and practices. UNICCO, leading the facilities services industry with a 95% customer retention rate, is now leading the evolution to green cleaning. That's why some of the most prestigious universities in the country have outsourced their facilities services to UNICCO. **Learn more at www.unico.com or call us at 888-751-9100. Green. The smart way to clean.**
